NEEDED REFORMS

We note that Attorney General Joe T. Patterson has this past week stated he would ask the governor for stricter enforcement of laws controlling Constables and Justices of the Peace. (This past week the Governor said that he would ask the Legislature "at the first opportunity" to deprive constables of their traffic jurisdiction on state highways, and called for tighter controls over justice of peace courts, including fixed places for holding court and fixed schedule of fees.

To this, and more, we heartily agree. In fact, the office of constable and justice of the peace, are two offices that should be abolished—and such is not just our idea, but that of the State Bar Association which has made annual recommendations for the abolition for a quarter of a century. Presently, the Mississippi Economic Council of the State is making a complete study of such a program, and its recommendation is for a change.

A constable serves the process of the justice of the peace court, and he has the same powers of arrest in his beat that a sheriff of the county has, and he is paid no salary. The only money he legally receives is from costs he receives in the justice of the peace court when the alleged offender before the court is convicted. Yet for a very small annual maximum fee for state fall cases, that is, for those who were not convicted, receiving no salary for his labor, it is to his financial interest to convict each of the alleged offenders, and thus it is to his interest to have a close alliance with the justice of the peace, so that convictions will be assured. It is also to the interest of the justice of the peace to convict, else he loses his costs—and also loses the future business from the constable who can take his business elsewhere. Too, there being no salary for the constable, the legal costs he receives from justice of the peace cases will not support him, thus he looks around for other "business" such as LEGAL "protection" for ILLEGAL business. This, in itself, makes a mockery out of the office, and we on the Gulf Coast know that it is done. No where else in the State of Mississippi is the office of Constable used as a full-time job and so lucrative a position as here on the Coast, and yet there is no salary attached.

In the office of justice of the peace, there is generally one for each beat in a county, and the Board of Supervisors can create more than one for a beat, if it so desires. Its original purpose was to serve as a conservator of the peace of the community, and at the same time to handle civil cases not exceeding \$200.00 in value, and to handle misdemeanors (minor crimes). There are no qualifications for such an office, and although civil and criminal actions are brought before him, he is not supposed to know any law. He can also perform marriages. He is paid no salary for his services, but has to depend on his money from costs when the alleged offender is convicted, or from the loser in a civil action. He, too, only receives a small maximum fee from the county from state fall cases. Elsewhere in

the State of Mississippi, such an office is a part-time job with very little business, but in our section, particularly during the past four years, the office has been an important one, and apparently very lucrative. Being near New Orleans where marriage laws are stricter than Mississippi, we have had a "marriage mill" in our county; our former sheriff had over 20 deputy sheriffs and a number of them combed U. S. 90, bringing in speeders. We also had constables who were likewise active in this respect, and they brought in violators of the law on the highway; we also had the State Highway Patrol who brought in speeders and violators of the law on the highway. With a minimum of \$4.50 costs per case to the justice of the peace, the office should be a most lucrative one—yet there are no qualifications for the office, nor any salary attached.

Numerous counties in the state have a County Court with a County Judge, who is an experienced lawyer, to sit in judgement over small crimes, and up to \$3000.00 in civil matters. Deputy sheriffs serve his court, who are paid salaries. The judge is also paid a salary.

It has been the recommendation of the State Bar and other groups that a county court and county judge for each county would serve the needs better and that the office of justice of the peace and constable be abolished.

We sincerely share the opinion of so many other organizations and individuals, that unless the offices are abolished, then such reforms as suggested should be made, and that these officials be paid a salary rather than look to costs and fees for their work.

THE HIGHWAY PATROL

Last week a public relations official of the Mississippi State Highway Patrol made a talk before the Rotary Club of Bay St. Louis in which he explained that statistics showed there had been less deaths and accidents on the highways of the state since the inauguration of "saturation attack" on the highways, and other safety programs initiated. He stated that \$5,000,000.00 was appropriated by the State Legislature every two years to take care of this program; that the department wanted the good-will of the public in its program, and impressed the responsibility of the public to serve out injuries where there were violations of the law.

We are all very proud that the death toll and accident rate has decreased. A life saved is worth more than dollars and cents. We, too, are very conscious of the \$5,000,000.00 appropriation, for it has affected the pocket book of every automobile owner and every one licensed to drive a vehicle. Automobile owners of Mississippi have just been compelled to pay an additional \$1.00 on every license plate purchased, the first increase of such a nature in many a decade. Besides this, every driver's license has been increased at least \$1.00. Both of these items were just increased by our recent legislature, and there has been no decrease in the personal tax of vehicles, either. Thus, we tax-payers and drivers are all aware of the added expense.

For this added expense, we are paying for more highway patrolmen, new Texas hats and uniforms, increased salary for patrolmen and more physical equipment. These items the tax-payer does not mind so much, if the primary purpose is accomplished. But speaking of public relations and good-will by the tax-payer and public who is paying the bill, we in turn do not want to sponsor such a large organization to be used as a political power in the state, as we have seen exhibited in the past—patrolmen off-duty (and sometimes on duty) "polishing" throughout the state when election time comes around. We also know of patrolmen assigned in duty in this home community who are busy running for political office the year around, and using his public job to favor his friends—at the expense of the tax-payers.

Speaking about public relations is one thing, but doing something about it is what counts most with the public.

FUND DRIVE PICKS UP MOMENTUM TOWARD GOAL

While Bay St. Louis Youth Center members began preparing for their annual Harvest Ball dance, to be held Nov. 24, the club's fund drive began picking up speed toward a goal of \$1,500.

Contributions last week, including donations from New Orleans and Pass Christian, boosted the drive's total to \$904.50.

FREE CHESS LESSONS
Frank Whyte, Waveland chess enthusiast, will offer free chess lessons to Bay St. Louis area teen-agers and will conduct the lessons at the Youth Center.

All teen-agers interested should telephone Mr. Whyte at 1432 or 1435.

Youth Center Fund Drive checks should be mailed to George Sezenecan, chairman, 203 Union St., Bay St. Louis, made payable to the Bay St. Louis Youth Center.

To stay STRONG enough for the job

Mississippi is growing fast! Our cities and towns are booming. New industries are moving in by the scores—Farm conditions are changing, too, as scientific farming and crop diversification becomes general; and all are using and depending on the telephone as never before.

To provide fast, dependable telephone service in step with our State's growth, Southern Bell needs to spend more than \$4 million dollars in 1956-57... There's a big job ahead!

This large sum is needed to make telephone service even better and to meet the heavy demand for new service. The money must come from people who invest in telephone stocks and bonds—people who expect a fair return for the use of their money.

Our present return is not reasonable; it is too low... So we are asking the Public Service Commission to make a thorough study of our revenue needs and set new rates that will be fair to telephone users and to the Company. We must stay STRONG enough for the job in Mississippi.

Janice Bankston and Donald Traub and Vidalia Schultz.

The third grade is glad to have Ollie Moran back in class. He has been ill with flu.

MISS CAROL SUE BANDERET daughter of Mr. and Mrs. Carl Banderet, 305 de Monthezin Ave., ruled as queen of Bay High's home-coming Saturday.

Janice spoke on the value of a school library and Donald listed several points of inquiry important to consider when planning a home library.

Seniors of Bay High School will select their class rings Wednesday, Nov. 14. A representative from Herff Jones Ring Co. will bring the samples of the rings for the class to make their selection.

The Bay High F. H. A. girls who attended the Fall Sub-district meeting in Biloxi Saturday, Nov. 10 were Clea Kay Miller, Gayle Parker, Geraldine Bourgeois.

The program featured safety in the home. The Bay St. Louis group presented a skit "Safety Round the Clock" with emphasis on how to prevent gas and grease fires in the home.

The 8th grade girls have elected class officers for the coming year. They are as follows: President, Becky Cosulich; Vice President, Gloria Kimmel; Treasurer, Mildred Parker; Secretary, Virginia Breland; Reporters, Edith

DETAILS OF NEW FERTILIZER PLANT

As a farmer, are you interested in a more secure economy for Southern agriculture?

If so, you will want to attend a meeting of Hancock county farmers to be held at the Sellers school at 7:30 pm on Monday, November 13, and at the Lee town school at 7:30 pm on Tuesday, November 20.

At that time complete information will be given on the organization of Coastal Chemical Corporation (sponsored by the Mississippi Chemical Corporation, Yazoo City, Mississippi.)

CCC is promoting the construction of a plant at Pascagoula, Miss., which will manufacture and/or distribute high analysis mixed fertilizers, potash, and phosphates to its stockholders.

The new organization is patterned after MCC.

This meeting will be attended by a representative of Mississippi Chemical who is authorized to speak in behalf of Coastal Chemical.

Fertilizer from the proposed new plant will be allocated on a stock ownership basis. Stock will be sold only to persons or organizations using or having an outlet for the fertilizer.

The meeting is open to the public and all interested persons are invited to attend.

A CARD OF THANKS We wish to thank all our friends and relatives for their kindness in our hour of bereavement. We especially want to thank Fahey Funeral Home, Rev. Shuwell Fox, Dr. Wesley McFarland and all who took part in helping us in our sorrow.

Their kindness will never be forgotten. Children of P. L. Meggs and Meggs family.

SJA Parents Club Hold Meet Tuesday

Highlighting the monthly in 1954 has led the Diocese of meeting Tuesday afternoon of Natchez steadily forward. The Parents Club of St. Joseph. The meeting was well attended. Academy was the passing of with several new members an amendment making all past introduced. Attendance prize presidents of the organization was awarded the 2B grade of honorary members.

In passing this amendment it was the desire of the members to have former presidents act in advisory capacity in guiding current boards with experience gained by them. Seauzeau, Jr., Mrs. Frank those women who held office in past years will become participants in the monthly meetings. The meeting was opened with a prayer by Msgr. Michael McCarthy, guest speaker for the afternoon.

Interesting and informative information was given by Msgr. in a brief talk on the history of the Catholic Church in Miss. Its founding, growth, and general development in schools and church, and guidance under its Bishops of the Diocese of Natchez, especially under Bishop Gerow, the oldest Bishop in the United States, and who since his ordination

County Agent Notes

Recent rains have brought lots of oats and wheat up to a stand. It is now up to you to protect that stand from damage by fall armyworms.

You can't stand by the fence and tell whether your stand is being damaged or not. You have to go out in the field and look. Here is what to look for. Watch for skeletons of leaves.

When you find this condition, poison. Dieldrin, DDT, toxaphene and methoxychlor will give control. Dusts or sprays may be used. County Agents have detailed recommendations on how to apply materials and correct dosages to use.

Caution: When DDT, dieldrin or toxaphene are used, dairy animals or animals being fattened for slaughter must be kept off the treated area for 30 days.

For milking and fattening cattle, it is suggested that methoxychlor be used for armyworm control in small grains. When this material is used, the animals only have to be held off grazing for seven days.

For more information on controlling fall army worms and a free copy of the "Kill Field Crops Insects" leaflet, which contains up to the minute information on this problem and others connected with feed crop insect control, see your county agent.

FIRE ARMS SAFETY
Ready for that big hunting trip? Take time before you go to review some safety pointers.

Do not shoot toward farm houses or across water. Rifle bullets shot from a slight angle over water tend to ricochet.

Unload your gun when climbing fences or trees. Never take a loaded gun into an automobile or into your home.

Cheek your ammunition and make sure it is the type and size for your gun.

Always make sure of your target before you shoot. Treat every gun as if it were loaded and never point a gun at anything you do not want to kill.

SWEET POTATOES
Still have sweet potatoes in the ground? It is just about the last call for getting them dug. Do the job before frost catches them still in the ground. Be careful in digging potatoes, avoid bruising or skinning them, do some field grading. For specific information on recommended methods of harvesting sweet potatoes, see your local county agent.

COFFEE PARTY GIVEN BY MRS. GREEN AND MRS. OTIS

Highlighting the late fall social season was the large coffee party Wednesday morning given by Mrs. Mabel Green and Mrs. Waldo Otis at the Otis home on South Beach Blvd. Some two hundred guests called between the hours of 10:30 and noon.

Mrs. Otis and Mrs. Green greeted their guests in the spacious reception hall of the home. Mrs. Green chose a black silk two piece model and Mrs. Otis a mauve silk suit.

In the living room of the home, tall arrangements of large white chrysanthemums interspersed with smaller mums in antique china vases were placed on either side of the mantel. A low bowl of white camellias graced the coffee table.

A lovely red and silver grey cloth covered the serving table in the dining room. Red carnations arranged with silver coffee services at either end. Close friends of the hostesses poured coffee and sherry during the hours of the party. A similar arrangement of carnations was placed on the buffet and burgundy mums on the mantel.

BWYC LADIES TO HOLD LUNCHEON

The Ladies Auxiliary of the Bay Waveland Yacht Club held their regular monthly luncheon at the club on Wednesday, November 14, at 12 noon.

Mrs. Leo W. Seal and Mrs. T. T. Robin were hostesses.

Saturday, November 24, the Auxiliary plans a buffet supper to be followed by a dance.

Mrs. Buford Perry has returned to North Carolina with her husband and will remain there until his discharge from the Armed Forces.

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Proved on the Alcan Highway
Champs of every weight class!

LOOKING AHEAD
PLANNING FOR THE FUTURE
Planning is one of our biggest jobs now -- planning for the future electrical needs of you and your community. But planning is not enough! For in our business we must be ready to serve you and your growing community with all of the electricity you need -- when you need it! That's why our company is spending more than \$12,000,000 on new construction this year alone. We know that we cannot wait until there is a need before starting to build. We must continually build ahead for future needs.
However, before construction can start the necessary funds must be assured. This means that stocks or bonds, or both, must be sold to the public in a competitive market.
You can be sure that dependable and sufficient electric power will be available as our southeast Mississippi service area continues her march toward a brighter future.

Lakeshore Notes

Death claimed another member of our community Saturday morning at 8 a.m., when Mrs. Alice Garcia died suddenly in her Lakeshore home. With Mrs. Garcia at the time were Mr. Garcia and two daughters, Lulu and Mrs. Warren Garcia. A lifetime resident of Lakeshore, Mrs. Garcia is survived by her husband, Armand, 5 sons, Robert, Leo, Monroe, Horace, and Dennis, 6 daughters, Effie, Bessie, Lulu, Lottie Mae, Odessa, and Patsy, her parents, Mr. and Mrs. George Hose Sr.; several sisters and brothers and grandchildren.

Burial took place Monday morning with religious services in the Lakeshore Baptist church and interment in Lakeshore cemetery. Arrangements were under the supervision of Fahey's of Bay St. Louis. Our deepest sympathy is extended to the bereaved family.

Leander Villamil will be home for the duration of the Longshoremen's strike in New Orleans.

Louise Green, 7-year-old daughter of Mr. and Mrs. Malcolm Green was the lucky winner of a 20 lb turkey hen at the Elvin Garcia shooting match Sunday.

Other winners were George Garcia Jr. and Dan Peterson. Mrs. Jerry Carco is in Gulfport awaiting the arrival of the Carco heir. We hope it's a boy.

Malcolm Green will have his Turkey Shoot this coming Sunday Nov. 25, at the Town and Country Lounge. Five fat turkeys will be given to some lucky people. Time 2 p.m.

Mr. Armand Garcia became ill immediately following burial services for his wife and was rushed to King's Daughters hospital where he is reported to be seriously ill.

Mrs. Sidonia LaFontaine is in Florida visiting her daughter and son-in-law, Mr. and Mrs. Hugh Barr.

St. Stanislaus Notes

At the last meeting of the St. Stanislaus Sideline Club it was proposed and accepted that the annual football banquet be postponed until the first week of May, and at that time to include all athletes of Varsity teams — football, basketball, track and baseball.

A departure this year will be an extension of invitations to the wives of the Sideline Club members. It was decided to charge \$3.00 per person. Members of the Sideline Club in good standing are admitted to the banquet on presentation of their Membership Card.

New Projects Presented
Several new projects have been presented to the membership for the football field. A training room at the Varsity dressing room to take care of all injuries. The whiplash has already been installed as well as a muscle vibrator. The men's dressing rooms will have to be renovated in toto, and additional dressing rooms for the use of the ladies has been proposed under the East and West stands. Additional bleachers for the use of baseball, and these

later can be moved to be of use at the football games. A chain link fence to surround the playing field is a must, as the present wire fence has "rotten tired" from standing so long. It was also proposed to decorate the ends of the football field with appropriate shrubbery.

During the past two years, the Sideline Club has put into the Stadium an investment approximating \$30,000.00—renovation of the lighting system with taller poles, steel bleachers for the visitors, a press box, a public address system, and a concession stand.

The new concession stand at the stadium will be used exclusively by the Sideline Club at all activities taking place at the stadium. All profits derived will be used to further improvements at the field. It is proposed to offer hot drinks at the field next season.

A benefit movie will be given on the afternoon of Nov. 28th at the A & G Theatre. All sales will go towards clearing debts incurred on the stadium projects.

Woodcock To Visit Governor About Complaints

Bravo Woodcock, Pass Christian constable, told the Sea Coast Echo he plans to leave this week end for a trip to the state capital to discuss with Gov. J. P. Coleman a complaint that he is running a "speed trap" setup.

Gov. Coleman last week issued a statement that legislative action would be sought to bar traffic arrests by constables on state highways.

The governor's statement followed a complaint by Miss Mary N. Davis, 838 St. Philip St., New Orleans, a government employee, who said she was arrested by Woodcock on Nov. 2 because of a burned-out car headlight, placed in Harrison County jail in Gulfport for three hours and fined \$20 without being given an opportunity to repair the faulty headlight.

Gov. Coleman, obviously irked by the development, said that "a few constables" such as in the Harrison County incident, were the state's present "greatest problem" in improving traffic safety.

The governor said he would also request the legislature to "completely revise" procedures of the justice of the peace courts.

Victim Writes Coleman
He suggested a state requiring justices of the peace "to have a fixed place for holding of court, and stop them from going out on the highways and such unorthodox procedures as practiced in some instances."

In a letter to Gov. Coleman, Miss Davis said on Nov. 2, about 3:30 p.m., she was driving on Hwy 99, bound for Mobile, when she was halted by constable Woodcock.

She said Woodcock asked to see her driver's license and informed her one of the headlights was out.

"I was not aware of this condition and was much surprised since the lights appeared 'ade-

quate," she said.

She stated that constable Woodcock then told her, "Follow me and I'll give you a chance to have it fixed."

"However, when I followed this officer, instead of escorting me to a service station he took me to the Harrison County jail in Gulfport where I was booked for 'improper equipment—one headlight out, and was told that the fine was \$20," she said.

Held Three Hours
Woodcock said the fine Miss Davis mentioned "must have been an appearance bond" and added justices of the peace list the amounts of bond for various offenses and post them in jail.

The records stated Miss Davis was booked at 8:18 p.m. Nov. 2 by assistant jailer William M. Moran with the charge listed as said by Miss Davis. The docket also listed a \$20 appearance bond posted to the court of Beat Three justice of the peace L. J. Martin, Pass Christian.

An official receipt book ticket No. 1,000 showed the sum was received by jailer Moran and credited to justice Martin.

The docket also showed Miss Davis was released from the jail at 11:25 p.m., over three hours after being booked.

Harrison County Sheriff J. J. Wittmann said his jailers have no authority to set any bond or accept any fine and have been so specifically instructed on several occasions.

Miss Grace E. Ashley, New Orleans, a passenger in "Miss Davis' automobile, verified the circumstances related by Miss Davis, also in a letter to Gov. Coleman.

"We Have Nice Cell"
Miss Davis quoted the jailer as saying: "We have a nice cell upstairs" when she told them she didn't have the full \$20.

Miss Davis said she had to call her brother in Mobile to bring over the extra cash and a heavy fog delayed his trip.

She said she reminded constable Woodcock he had offered to give her a chance to fix the headlight and the officer denied it.

Constable Woodcock told the Sea Coast Echo Miss Davis told him she was going to come back Saturday, Nov. 3, and appear in court, but added she never did.

Miss Davis said in New Orleans that the \$20 was consistently referred to as a fine and that nothing was said to her about returning to Harrison County to appear in court.

She also said she was not taken before a justice of the peace at anytime.

Gov. Coleman said justice of the peace courts in Mississippi are being operated under statutes enacted in 1848 and "they are just that far behind the times."

Laws which the governor said are "very badly needed" include a requirement that justices of the peace have a fixed place for holding court and be placed under a uniform cost schedule in traffic violations.

In a statement to the Sea Coast Echo, constable Woodcock categorically denied he told Miss Davis he would lead her to a repair shop and took her instead to jail.

Happy first birthday to my niece Lauren Turcotte.

Elyin Garcia wishes to thank his Lakeshore friends and all who attended his benefit Sunday.
